

Grande Oaks and Grande Pavilion are dedicated to providing compassionate, person-centered care with the perfect balance of professional nursing and medical care in a relaxed and home-like community. In addition to a complete range of nursing and rehabilitation services that include physical, occupational and speech therapy, we also offer many specialized services, including respiratory care and a dedicated ventilator unit.

*Medicare often helps cover the financial obligations of skilled nursing services. We are providers for Medicare, Medicaid, and many private insurance companies.*

available at each location.**

think results

"They encouraged me, but weren't too pushy. They would knock on the door every day and gently persuade me to go to rehab. Without a doubt, I will be back at the center after my next knee replacement."

- Melinda J. / Cleveland, Ohio

### Located throughout Ohio, Embassy Healthcare provides the services that matter to you.

The clinical capabilities at our skilled nursing centers range from respiratory services — including ventilator care at some locations — to specialized, diagnosis-specific programs.

We provide physical, occupational and speech therapy. We've also introduced Embassy Therapy and work with other experienced providers to deliver personalized rehabilitation plans.

And our assisted living centers and adult day care assure a continuum of care for patients and residents.

Embassy Healthcare has been providing quality care since 1998. We focus on outcomes, so our services get results and allow you to go home faster.
