Darlington Memory Care

Diverse care solutions, tailored just for you.

Lakeview offers accommodations for those who require assistance with their daily activities. Our grounds include a large terrace overlooking our private fishing pond, a lakeside boardwalk, and pavilion to enjoy the full beauty of the property.

Our goal is to provide you or your loved one with quality comprehensive care to ensure the best clinical outcomes. From the moment you walk through our front door, you'll see our team has prepared for every aspect of your stay. We genuinely care about our residents and each other, and are willing to go above and beyond to provide exceptional care every single day.

Personal care services include:

- Physical, occupational, and speech therapies
- Mobility assistance and strength training
- Transportation
- Personal hygiene
- Cognition support
- Medication management
- Dietary services
- Podiatry services
- Exercise programs
- Respite care

Memory care services include:

- Secured Alzheimer's and dementia unit
- Trained memory care staff
- Private courtyard
- Specialized memory programs
- Personalized memory care plans
- Activities
- Medication management

Our caring staff meets with each resident and learns their preferences in food, activities, schedule and much more, which we then use to build a custom care plan. These individual care initiatives result in a family atmosphere and personalized service for each of our residents.
